M. I. A. A. TRACK TITLE TO M. S. T. C. FOR FIRST TIME

Rabbi Isserman Was the Speaker at Commencement

Head of Temple Israel in St. Louis, Missouri, Addressed Group This Morning.

Past Speakers Named

Baccalaureate and Commencement Speakers Since 1922 Are Listed By President Lamkin.

Rabbi Ferdinand M. Isserman of St. Louis, Missouri, was the speaker at the twenty-eighth annual commencement exercises held in the College auditorium this morning. He took as his subject, "Our Lost Generation". The Administration and faculty led the procession which started at ten o'clock.

Besides the candidates for degrees, in the line of march into the auditorium will be the faculty, officers of administration and the speaker. All will wear caps and gowns.

Three awards will be made in connection with the commencement exercise. They are the Junior Scholarship and Senior Medal of the American Association of University Women, and the Howard Leech Medal.

The Maryville branch of the A. A. U. annually offers to the junior girl a Joan scholarship of \$150. The award is on the basis of her having ranked highest in scholarship in her class during her three years in College, at the same time having worthily participated in extra-curricular activities.

This organization also gives a gold medal to the senior woman who has ranked highest in scholarship in her class during her senior year.

A Service Medal is offered yearly by Howard Leech, who graduated from the College in 1923, to the young man in the junior class who has done the greatest general service to the College.

The candidate must be in the upper ten per cent of his class, must have won his "M" twice, must have shown his ability as a leader, and must have shown his intention of remaining in the College the next year.

Following is the commencement program:

The Program.
Processional, March from "Tannhauser," (Wagner).
Invocation, Harry Glenn Dildine, Ph. D.
Duet, "Solenne in quest'ora" (In this solemn hour) from "La Forza del Destino," (Verdi), Hermann N. Schuster, tenor; William E. Holdridge, baritone; C. James Vile, accompanist.
Address, "Our Lost Generation," Rabbi Ferdinand Isserman.
Presentation of candidates for degrees, Joseph William Hake, Ph. D., chairman of faculty council.
Conferring of degrees.
Announcement of awards.

S. T. C. Alumni Dinner and Program to Be Held at Hall

The annual dinner and program of the College Alumni Association will be held this evening, May 24, at Residence Hall.

Classes of 1934, 1924 and 1914 are to be given special recognition. Two members of the faculty who will be honored on the occasion of their completion of twenty-five years on the College faculty are Miss Katherine Helwig and Miss Carrie Hopkins. Large photographs of these teachers will be presented to President Uel W. Lamkin for the College on behalf of the Association.

Miss Violette Hunter, of Hamilton, president of the Association has been in Maryville all this week helping make the final plans for the gathering. The committee in charge of the general arrangements consists of Mrs. John Curfman and Miss Laura B. Hawkins. Other committees are: Program, Miss Mary Ellen Dildine, Miss Maude Qualls, and Leslie G. Somerville; Dinner, Mrs. John Curfman, Miss Estelle Campbell, Mrs. Emmett Scott, and Mrs. P. R. Marcell; Necrology, Hubert Garret, A. H. Cooper, and Miss Isabel Cobb. The committee which will host the reception for the 1934 class consists of Carl Leroy Fisher, Miss Estelle M. Dykes, and Miss Birdie Leaster. Stephen G. LaMar is secretary of the Association.

Novel Saylor, who is attending University of Iowa, will automatically become president of the Association for the next year. He is a member of the executive committee. Paschal Link will become president after May.

Bradley and Grey Win in Election For the Two Tower Officers for 1935

At the annual elections held in the Sophomore class for the election of Editor and Business Manager of the Tower, Ford Bradley was elected to the office of editor. C. F. Grey was elected business manager. Mr. Bradley's home is in Maryville. He will take the place held this year by Paul Shell of Skidmore. Mr. Grey lives in Sheridan, Missouri. He will fill the vacancy left by Virgil Yates of Bethany.

The Sophomore class selected five candidates for each office. From this number a committee of faculty and students selected the two that were nearest qualified for office in each instance. Miss Jean aPrick of Bethany Missouri, was the other candidate for the editorship. Mr. Patrick Dugan was Mr. Grey's opponent.

Mr. Bradley and Mr. Grey will start work immediately on the 1935 Tower.

Changing World Creator Planned, Dr. Mack Thinks

Tells College Graduates "The Change Not Meaningless."

Presbyterian Educator Says Cause of Present Debacle is Break-Down of Character.

"The whole universe is in the throes of change, but in a change which is not meaningless. We believe it is a process and is getting somewhere according to a plan of the Creator," Dr. George H. Mack, president of Missouri Valley College at Marshall, told the members of the graduating class of the State Teachers College at the baccalaureate service held at 11 o'clock Sunday morning in the College auditorium.

The Presbyterian educator, speaking on the subject, "The Power to Become," took his text from John 1:12, "As many as received him, to them gave he power to become the sons of God."

"What is true of the whole is true of each part, and every man is a part," Dr. Mack said. "The deepest desire in everyone's breast is to become something finer and nobler. So the process of becoming marks not only the universe but every life."

"Another name for becoming is education. What is education? It is not merely an infilling, although a large part consists in the acquiring of knowledge, of fact and principle. On such a store, the processes of the mind work. We believe in the final fruition of unconscious cerebration. The results are evident in the character and the life. Even if much is forgotten, the effects will remain."

Dr. Mack said that education is also a process of developing self. "The soul of development is the development of the soul. It is the play of forces from without upon the spirit within. Men grow as their most selves are molded."

Maryville Group Hears Tugwell in Kansas City Mon.

Eight Students Attend Kansas City Relief Convention With Dr. Mehus.

Unlike Johnson

M. S. T. C. Students Were Introduced To "Brain Trust" Member After Address.

(Kenneth A. Brown)

"One of our greatest men" was the comment of Dr. Mehus and eight students who went to the Kansas City Relief Convention on the night of May 21st to hear Dr. Rexford Tugwell, Assistant Secretary of Agriculture, speak on the topic "Relief and Reconstruction." The students who attended were: Dwight Dalbey, John Timmons, Kenneth Brown, Kenneth Manifold, Donald Robey, Hubert Harris, Joe Stephenson, and John Noblet.

Dr. Tugwell drew a round of applause as he came to the platform and a number of times throughout the course of his speech. His manner of "laying low" his enemies is interesting. He did not attempt to tear them limb from limb in General Johnson fashion, but slashed them to pieces in a calm and friendly way with irony and pointed satire. He said that the government had no intention of changing individuals, but merely to change the society which has become an autocracy of the few who regimented the many. He has in other speeches referred to the present system as an "Economic Oligarchy". He very subtly scoffed at those who would "take care of the immediate emergency and let the future take care of itself." He stated further: "Feed the hungry and succor the distressed, but by no means commit the un-American crime of facing the causes of our distress. Don't admit that we will have an acute relief problem for years to come. Just pretend it will be over in six months or a year . . . and trust something will turn up—a war, a boom, a new invention, or something—to prevent us from the necessity of taking thought of tomorrow."

He said many things of special interest to students about to embark on the stormy voyage of life. He stated that each year 2½ million youths reach the age when they are ready for a place in the system. To make room for them, only 1½ million reach the age of 45 when the system tightens its qualifications. He also said that due to machine improvements in industry it was shown in 1932 the same volume of goods could be produced with one third less labor than in 1923. Dr. Tugwell abhorred the physical, mental, and moral deterioration of the unemployed. "It is not by bread alone that man lives," he said. "Men demand jobs, they demand."

Dr. Mehus Speaks Tonight to Relief Convention in Kansas City, Missouri

O. Myking Mehus, chairman of the Maryville Welfare Board left for Kansas City on Sunday to attend the National Conference of Social Work that meets there this week. Mr. Mehus is a member of the Executive committee of the Missouri Conference for Social Work. This afternoon Mr. Mehus is scheduled to give a talk on "Education Through the News." He will discuss the best methods of presenting welfare news to the public through the newspapers.

Several college students are planning on attending the Monday evening session at which time Dr. Rexford Tugwell, Assistant Secretary of Agriculture, will speak.

Mrs. Ed Egley and Mrs. Chas. Eckert, Maryville Social Workers, and Mrs. Fern Crull, County Social Worker, are planning on going to Kansas City for the conference on Tuesday morning.

Five Resign From the Faculty; Accepted by the Board of Regents

Thirteen Take Leaves From Two Months to Fifteen Months.

Announcement of Changes in Faculty Comes After Confirmation By Board of Regents.

Five resignations among the faculty of the State Teachers College were accepted yesterday at a meeting of the board of regents. Thirteen members of the faculty were granted leave of absences effective at stated periods.

Three of the faculty in the department of music have resigned. They are Miss Ruth Morris, teacher of violin, resignation effective at the end of the spring quarter; William E. Holdridge, teacher of piano, resignation effective at the end of the summer quarter; and Maurice Wright, instructor in wind instruments and orchestra and band director, effective end of summer quarter. The resignation of Orville C. Miller as head of the department of speech is effective at the end of the summer quarter. Miss Shirley K. Pike, dean of women, resigned, will leave at the end of the summer quarter.

Uel W. Lamkin, president of the College, in announcing the list of resignations and leaves, said that the office of dean of women would be abandoned next year and that Miss Margaret Stevenson, who has been here this year in the capacity of social director at Residence Hall, would assume the title, director of women's activities.

Miss Pike, who had been dean here for four years, said that she was sailing for Edinburgh, Scotland, where she would study in the Graduate College of Liberal Arts at the University of Edinburgh. She will take work toward a Ph.D. degree. After leaving here at the close of the summer term, Miss Pike said she will spend a month in Colorado, then motor to New England for a stay before sailing.

Miss Morris, who was instructor in violin for three years here, will go to Miami University at Oxford, Ohio.

Mr. Holdridge, instructor of piano here for six years, will do graduate work at Columbia University, New York City.

Mr. Wright, who came to Maryville last fall from a school in Wyoming, said that he had no plans to announce.

Mr. Miller, who has been in the department of speech for five years, said that he would return to Columbia University, New York, to finish his work toward a Ph.D. degree in speech. Mrs. Miller will take her first work toward a Ph.D.

The following leaves of absence were granted:
Effective, beginning June 1:
Miss Ruth Lowery, of the department of English, who will return to Yale University to take work toward a Ph.D. degree; Miss Ruth Blanshan, of the department of home economics, who will go to the University of Chicago to take work toward a Ph.D. degree in nutrition; E. L. Kelley, of the department of commerce and business administration, who will enter the University of Southern California at Los Angeles to finish his work toward a Ph.D. in education.
Leaves for summer of 1934:
Miss Dora B. Smith, of the College (training school); T. H. Cook, of the department of social science, who will enter the University of Colorado; Miss Nell Martindale, of the women's department of physical education; Miss Grace Shepherd, of the education department; Miss Margaret Franken, of the education department; Wilbur

The short course, which opened five weeks ago, will also come to a close this week.

College Hi Baseball Team Ends Successful Season

The College high school baseball team, coached by Orin C. Mann, closed its season Friday having won four out of five games.

Following is the result of the season's play:

College High vs. Braddyville, at Maryville. College High won 7 to 6.

College High vs. Skidmore, at Maryville. College High won 23 to 10.

College High vs. Braddyville at Braddyville. College High lost 5 to 1.

College High vs. Skidmore, at Skidmore. College High won 21 to 6.

College High vs. Graham at Graham. College High won 6 to 5.

Coach Mann announces the following lettermen in baseball: Robert Flanagan, Otis Booth, John Gallagher, Harold Martin, Dale Swearingen, Paul Peery, Charles O'Connell, Ralph Carmichael, Eddie Carmichael, Gerald Courtney and David Seckington.

It was also announced that the six with the greatest number of points made in all intra-mural sports during the spring would receive medals. The six highest are Otis Booth, Paul Peery, Ralph Carmichael, Robert Flanagan, John Gallagher, and Charles O'Connell.

College High Year Book

College High School students have been unusually busy this week especially since Tuesday morning when the 1934 year book of "Memories" came out. This volume edited by the senior class and numbered volume II is much larger than last year's volume and is a most interesting production. The table of contents shows that the book contains information especially on Administration, Classes, Organizations, Activities, Athletics, Literary materials and Jokes. The students pay tribute to their sponsor Miss Catherine Norris, as follows: Miss Catherine Norris, who for three years has been a guide, a friend and an inspiration to the students of College High and who has given her unfailing support and personal interest to the production of this book, we, The Staff, dedicate this, the third volume of our "Memories."

Receives North Central Accredited Certificate

Mr. H. R. Dieterich, principal of the College High School has received a certificate from the North Central Association of Colleges and Secondary Schools which certifies that the College High School is a member of the North Central Association of Colleges and secondary schools for the period beginning April 20, 1934 and ending April 12, 1935. It is also certified that the school has been accredited continuously by the Association since 1928. The certificate is signed by J. D. Elliff, chairman of the State Committee, B. L. Stanley, president and A. W. Clevenger, secretary of the Association.

Six Records Broken

Relay Teams Make Warrensburg Track Look Like a Green Streak Last Friday.

The Maryville Bearcat track and field team won its first M. I. A. A. championship Friday night at Warrensburg when the green clad flashes broke five conference records and tied another. Altogether six records fell with Pearson of Warrensburg topping the broad jump mark.

The Northwest Teachers were loaded with medals presented to the Bearcats in the pretty setting of the Warrensburg stadium under the artificial lights, as they dethroned Springfield, the 1933 champions. The Bearcats accumulated 56 2-5 points, with the Warrensburg Teachers second with 36½. Cape Girardeau with thirty men took 29 2-5 points; Springfield 28 1-5 and Kirksville 25½.

Neil Wins 100 and 220.

Herschel Neil, the freshman flash from McFall was never headed in any of his races and beat out Martin Rohde, Kirksville dash man, in both the 100 and 220-yard dashes. Neil, whose mark of 9.6 in the preliminaries in the morning wasn't allowed because of a wind from the south, cut a tenth of a second off the conference century mark in the evening by running it in 9.8 seconds. Rohde came in second and Paul Adams was a close third.

Neil tied the 220-yard dash record of 21.8. Adams was running close at the finish and in the last thirty yards came up fast to beat out Rohde. Adams got a slow start on the 220-yard dash.

Jimmie Stubbs, the Bearcat captain, ran the best race of his life in the 440-yard dash, and closed his collegiate career by taking this race in 49.6 to lower the former record of 50.5 seconds.

Stubbs and Neil ran in both the relays in which the Bearcats set new marks. Without being pushed the Bearcat half-mile relay team of Neil, Scott, Adams and Stubbs ran the distance in 1:29.1 to better the former mark of 1:31.4 set by Warrensburg in 1927. The mile relay team composed of Neil, Gray, Stubbs and St. John had considerable competition from Cape Girardeau, but had a good lead at the tape to cover the mile in 3:26.1, a new record. Springfield formerly held the record at 3:30.0.

In the quarter dash Stubbs shot off his starting blocks and maintained a good lead all the way. The Bearcats had a thirty-yard lead in the half mile relay.

Training School Pupils Presented Operetta Last Friday

The pupils of the seventh and eighth grades of the College elementary school, directed by Miss Dora B. Smith, presented the operetta, "Spring Dream," at 11 o'clock last Friday morning in the College auditorium.

The operetta was the original work of the students and teachers of the school. The theme and poems were written in English classes under Miss Nina Kime, of Maryville, and Miss Margaret Myer, of McFall, seniors in the College. Co-operating in the designing of costumes and in the arrangement of dances and music were the departments of art, music, and physical education.

Mr. C. James Velle, chairman of the Music Department, added the children in composing the themes and Mr. Junior Porterfield arranged the music and aided in directing.

Miss Louise Smith, of St. Joseph was the art teacher, and Miss Nell Blackwell, of Lexington, taught the dances. The Junior high school girls made most of the costumes under Miss Smith's supervision.

Children taking part were Elizabeth Mae Wagner, Mary Ruth New, John Lewis Hartness, John Harvey, Winston Wells, Peter Noblet, Charles Hartough, Jack Garrett, Katherine Job, Curtis Kinsley, Coeta Conrad, Roy Nelson, Paul Hunt, J. C. Gregory, Maxine Chappell, Ena Ruth Garrett, Gertrude Ashford, Gladys Cooper, Mary Margot Phares, Lillian Wright, Olive Joe Saunders, Dorothy Mehus, and Mary Louise Hartness. The announcer was Herschel Bryant.

THANKS TO YOU

I wish to take this opportunity to thank the students, faculty and general office force for the aid at various times that was given to the *Missourian*. Especially do I wish to thank those who hurried in last minute assignments and special copy in order that the paper could come out on time. The *Missourian* (if it has nothing else) has a record of not having been late once this year. That has been made possible by the efforts of those who have been called upon in pinches to turn out copy. Thanks to All.

Harold Humphrey

I believe that if Roland Russell were still able to work on the paper he would feel the same as I do. I am sure he would have a similar expression of thanks to make.

DEAR PUBLIC:

In keeping with the expectations of many of my little flock I shall close the school year with a puny bit of work. . . . However, I want to commend several branches of our great institution on the fine bit of co-operation and effort put forth this year in making the *Missourian* the most talked of paper in the college. . . . First I should like to express my personal thanks to one Willie Yates, student president, for his well organized "PUBLICATION BOARD" (his own brain child) which was to have control of the student publications under the direction of the student senate. . . . Although this board never got to the place of functioning there is little doubt that its influence as a sub-rosa organization was greatly responsible for the "high type" of paper printed this year. . . . Mr. Yates' careful criticism (May 17, '34) "There is no need to publish a *Missourian* this week since there is never anything in it anyway," shows his whole hearted belief in the school paper produced under his regime. . . . The staunch backing given the *Missourian* by the student senate (when it refused to take any action on the vacancy created by the indefinite illness and absence of the editor) explains the high caliber of the publication. . . . To be right frank. . . . The *Missourian* this year has been a rather decided failure as a journalistic enterprise. . . . There are no alibis offered but merely the statement that had it been a huge success, not over six people in the college could have swelled their chest about it (student senate and branch offices included). . . . The student body deserves no paper under their own management. . . . First, because there are but one or two students in school who could run the paper without drawing severe criticism each week. . . . and even they could not put up with it very long. . . . I hope that the Northwest *Missourian* of the future has a far brighter outlook in the field of much needed support and a still brighter outlook in the field of beefing complaints.

And here and there and everywhere people keep an eye open for the morsels of side line chatter that may be in the making. . . . Only this week a strollerette whispered the news that Dale Richmond, brunette freshman chap was the object of admiration of a dark skinned young miss of this city. . . . I simply can't pass up the last issue of the paper without telling you that the unmentioned couple of our campus (Sparks and Miller) have threatened to annihilate the writer of this column for insufficient publicity. . . . J. B. Cummins was to be seen this week in a chatty mood with Velma Cass on the Auditorium steps. . . . Could this have any meaning?

Yours in a nut shell,

HUMPS.

Get Acquainted

Miss Grace Carter

Miss Grace Carter, daughter of Mr. and Mrs. S. F. Carter of Martinsville, plans to complete the work for a B. S. degree at the College this summer. Her major subject is commerce and her minor is Spanish. Before coming to the College, Miss Carter took some work at the Chillicothe Business College. She is much interested and very efficient in secretarial work. Since she lives at Residence Hall and is secretary to Mr. Phillips, chairman of the Education Department, Miss Carter is well known at the College and has many friends. Relatives of Miss Carter who have attended S. T. C., include a sister, three cousins, two aunts and an uncle. She is a member of the Methodist church.

Miss Maxine Louise Fallers

Miss Maxine Louise Fallers, daughter of Mr. and Mrs. H. R. Fallers of Essex, Iowa, plans to complete her work for a degree soon. She is majoring in English and has a minor in social science. Before coming to the College Miss Fallers attended the Long Beach Junior College at Long Beach, California. She is a member of the Christian church and of the Social Science Club of the College. In May, 1933 she was awarded her sixty-hour certificate.

Robert Mutti

Mr. Robert Mutti, son of Mr. and Mrs. A. F. Mutti of Hopkins, plans to complete the work for his B. S. degree this year. He is majoring in mathematics and has a minor in physics and general science. In his high school at Hopkins, Mr. Mutti at different times had the honor of serving as president of the student body and as captain of his basketball team. Last year, Mr. Mutti was awarded the Howard Leech Medal for scholarship and athletic ability. He is a member of the Sigma Tau Gamma, social fraternity, the "M" Club and has served as a member of the Student Senate. Mr. Mutti has made his letter in track for the years '32-'33 and '34, doing the mile run with honors for his Alma Mater.

Miss Evelyn Burr

Miss Evelyn Burr, daughter of Mr. and Mrs. W. H. Burr of Maryville, plans to complete the work for a degree at the College soon. She is majoring in Music and has chosen mathematics as her minor. Miss Burr was graduated from the Harmony high school in 1930 as a valedictorian of her class. She is a member of the music fraternity, Alpha Epsilon Psi, the College Chorus, and the College Glee Club. As a member of the M. E. church, South, in Maryville, Miss Burr has been very active in the church Sunday school, Epworth League and the choir. Relatives of Miss Burr who have attended this college, include her father, Mr. W. H. Burr, a graduate of the College, now Nodaway county superintendent of schools, an uncle, Mr. Harry Burr, now in school here, and Mrs. Zenebee Burr.

Five Resign From the Faculty; Accepted by The Board of Regents

(Continued from Page 1)

Stalcup, athletic coach, who will do graduate work at George Peabody College, Nashville, Tenn.

Leaves for two months during summer:

Roy A. Kinnaird, head of the department of agriculture, who will do graduate work in soils at the University of Missouri; Miss Olive DeLuce, head of the department of fine arts, who will attend Columbia University, New York, and the Art Students' League.

Leaves for the year beginning September 1:

Miss Mercedes Weiss, of the women's department of physical education; and G. Carl Schowengerdt, of the department of agriculture.

It was announced that Miss Lois Halley will be on the training school faculty during the absence of Miss Smith this summer.

Miss Blanche Dow, and Miss Estelle Bowman, both of whom have been on leave to study in Columbia University, will resume their duties here with the opening of the summer quarter.

The board took up the usual routine of matters related to the payment of bills and other affairs. The board approved the list of candidates for degrees as submitted by the faculty.

Members of the board present at yesterday's meeting were Dr. Jesse Miller, Maryville, president; R. L. Douglas, St. Joseph; Dr. L. D. Green, Richmond; Edmund McWilliams, Plattsburg; A. T. Weatherly, Chillicothe. Absentees were Dr. J. M. Perry, Princeton, and Charles A. Lee, state superintendent of schools.

Mr. Gordon Trotter, who was graduated from the College in 1930 with a major in Commerce and a minor in Economics, has responded to the recent Alumni Letter sent to former students, and includes his dues for the current year. In his letter, Mr. Trotter says that he would like very much to attend the Alumni Reunion, May 24, but that since his school does not close until June 8, he cannot make it.

He states that he plans to see us sometime during the summer, however, and mentioned that he will be teaching commerce at Webster Groves again next year. The Alumni Association officers send hearty congratulations to Mr. Trotter, and thanks for the response.

Alumni Opportunity to Get Into Life Membership Offered

Ten Dollar Fee Will Waive Annual Dues After Payment.

Payments May Be Made in Two Installments of \$5.00 Each If So Desired

This is your opportunity to be one of THE 100 CHAPTER MEMBERS OF THE S. T. C. ALUMNI ASSOCIATION LIFE MEMBERSHIP FUND. Life Memberships can be had for only \$10. EVERY GRADUATE OF THE COLLEGE SHOULD BE A MEMBER. Several hundred pledges for Life Memberships should be made in the next few months.

The purpose of the Life Membership drive is to raise enough money to create a fund, the interest from which will make the Association self supporting as are other college Alumni Associations and which the Association can use to build a campanile or other memorial or work of art for the College.

Beginning with the Class of 1934 the percentage of pledges from the classes from now on will probably be tabulated. Since the Class of '34 is not so large as some of the Classes have been it could have a rather high percentage of pledges if only several of the members would pledge a Life Membership. The membership can be purchased in two installments of \$5 each if the second payment is made within a year after the first. Members of the Senior Class and others are urged to pledge a Life Membership and state the time when they think they will be able to make the first half payment or the payment in full.

The Association is much in need of funds to meet current expenses just at this time since only a very few graduates and former students have paid the regular dues of one dollar.

The Life Member Roll

At the present time the Life Member Roll is as follows:

Eldon Steiger, Ravenwood.
Violet Hunter, Hamilton.
Mattie M. Dykes, State Teachers College.

R. H. Watson, King City.

Stephen G. LaMar, State Teachers College.

Nell Hudson, State Teachers College.

Those who have pledged Life Membership and have paid half of the amount are:

Russell D. Hamilton, North Kansas City.

Jessie Murphy, Jefferson City.

Mary, Esther O'Banion, Jefferson City.

The S. T. C. Alumni Association cannot progress unless more of the graduates and former students pay their annual dues. Since the opening of the College fall term, last September, only 27 graduates and former students have paid dues. Those who have made this Honor Roll are as follows:

Glenn Hooper, Maitland, Mo.
Clyde C. Rowland, Lawson, Mo.
J. J. Vogelgesang, Grayson, Mo.

Marvin Shamberger, Parnell, Mo.

Supt. Gaynor schools.

Fred Larson, Oregon, Mo.

Ed Adams, Forest City, Mo.

Mary Lois Wilson, Jameson, Mo.

Maude Martin, Hickory, Mo.

Mr. Orlo W. Smith, B. S., 1932 and former principal of the Ridgeway High School was at the College Wednesday morning of this week. Mr. Smith who was very prominent in student activities when in school here is now teaching commerce in the Boonville High School and will be at Boonville again next year. His home is at Ridgeway.

Carl "Pat" King, B. S., '31, who has been teaching at Leveta, Colorado, during the last three years, was at the College Wednesday of this week. Carl will be back at Leveta next year and plans to be in school at Greeley, Colorado, this summer. His home is at Pickering and he will be best remembered perhaps as "the little Bearcat two-miler." Pat used to really take 'em in this track event.

SOME CEREMONY!

LITTLE AMERICA, ANTARCTICA, May 15—(via Mackay Radio). My, my! What a time we had last Friday (the 11th)! Wednesday was the eighth anniversary of Admiral Byrd's flight over the North Pole so we planned a fitting celebration on Friday by knocking off work and initiating all the new men on this expedition into the famous "78" club.

This organization is made up of men who have been on various expeditions with Admiral Byrd beyond latitude 78, north or south. We have here three men who were on that North Pole expedition, Lieut. Commander George O. Noville, who also flew across the Atlantic to France with the Admiral on that sensational trip of the airplane, America; W. H. Haynes, of Washington, D. C., the veteran meteorologist, and Pete of Durham, N. H., Demas, of Washington, D. C., boss of our tractor group, both of whom also were members of the first Byrd Antarctic Expedition. The excitement started with a fine lecture by Haynes on a subject somewhat strange to us—the North Pole. Very interesting. You know, conditions are quite different up there and down here. The North Pole has no land around it. The South Pole is on an immense plateau of ice, with land under it, surrounded by huge, rocky mountains down which stream countless enormous glaciers or rivers of ice, with "ice-falls," which would be waterfalls if they weren't frozen, more than 500 feet high. The animals and birds are all different and they have many more varieties at the North Pole than we have here.

This whole celebration was broadcast to Admiral Byrd in his hut down at 80.13 and he replied with a wonderful message in dots and dashes. He could hear all the songs we sang for him and everything but he cannot talk with us—only send code messages by radio. We had a moonlight baseball game planned with an indoor baseball but a rip-snorting blizzard prevented it. The initiation of "78" club members took three hours and was some-

thing like a fraternity initiation with much horseplay and hazing by motion pictures. At the end everybody was very tired and piled into bed, except four of us. My bunk looked very good to me but I suddenly found myself with a new job—official meteorologist. Alton Wade, geologist, of West Holly wood, Calif., Alton A. Lindsey, biologist, of West Newton, Pa., and Ralph W. Smith, airplane pilot, of Fredericktown, O., and I had to stay up all night in the little cupola on top of the observation platform staring at the sky through an "eye piece." Everything would be black. Then suddenly a little blink of light and a swift streak across the sky. The eye piece through which we watch, enables us to plot the direction and course of the meteors, of which 73 have been observed in one night. On one occasion 22 were reported in a single hour.

Three times a day pilot balloons are sent up to great distances to check the velocity and direction of the wind at various levels. The investigation of terrestrial magnetism is going on constantly. In fact, our scientific work and research will continue all through the winter night.

I just received the wonderful news from the club secretary by radio that 242 school and college teachers have enrolled their entire classes as members and have received personal radio messages from Admiral Byrd and that individual memberships are coming in at a greatly increased rate including several each from England, France, Switzerland and Germany. I don't know how that happened because these stories are not appearing abroad. But it may interest you to know that they are appearing in approximately 1200 American newspapers in every State in the union and Alaska and that we now have more than 18,000 members in our club. Membership is free and there are no expenses whatever. All that is necessary is to send a plainly self-addressed, stamped envelope, or if you are a teacher, name and address of self and home addresses of pupils with a 3c stamp for each, to C. A. Abele, Jr., president, Little America Aviation and Exploration Club, Hotel Lexington, 48th Street and Lexington Avenue, New York, N. Y.

At Oregon, was at the College Monday afternoon of this week. Mr. Skelton is a member of the Class of '24 and he thinks that he will be able to attend the Alumni dinner reunion at the Residence Hall, Thursday evening of this week. Since he is a member of the Class of '15, he says that he should be in line for honors again next year.

Mr. and Mrs. B. E. Lucas and baby daughter, Patricia Ann, from Mercer, were at the College Tuesday of this week. Mr. Lucas, a graduate of the College, is superintendent of schools at Mercer. Mrs. Lucas, the former Miss Emma Lucille Brown, of Pattonsburg, has nearly completed the work for a degree at this College. Mr. Lucas took Miss Patricia Ann, who is just eight months of age, in to see Miss Hudson about enrollment, blanks and transcripts. Miss Helwig and Mr. Cook argued as to whether the young lady should major in mathematics or history when she comes to S. T. C. to College.

Mr. G. Frank Smith, county superintendent of schools of Holt County, was at the College last Monday. Mr. Smith is a graduate of the College.

Miss Elizabeth Edwards, a graduate of the College, who has been in the High School and Grade School at Carlo Consolidated school near Galatin, was at the College last Monday afternoon. Miss Edwards has had two years of successful teaching experience in the field of mathematics, art and physical education.

Announcement has been made of the recent marriage of Miss Lorraine Hathaway, a graduate of the College, to Mr. Charles Hatfield of Washington, D. C. Miss Hathaway, whose relatives live at Grant City and who formerly taught in Nodaway county, has been living in Washington, D. C., and teaching in Maryland. The marriage ceremony was performed Wednesday evening, May 16 at 7:30 p. m., at the Foundry M. E. church in Washington, D. C., by the pastor, the Rev. Frederick Brown Harris.

The Commencement week issue of the "Bull Dog Growl" the Egbert, Wyoming high school paper has arrived at the information office. The spons-

ors of this interesting, mimeographed school paper are Mr. and Mrs. Floyd Moore, graduates of the College.

Miss Margaret Morris, of Corning, Iowa, writes that she is planning to attend the Alumni Banquet next week and wants to know all about arrangements.

Mr. and Mrs. Charles Rupert were at the College last Monday. Mr. Rupert, who has been teaching at Rushville came back to take part in the commencement exercises of the College.

The College A Cappella Choir, under the direction of C. James Velle, chairman of the Music Department of the College, will provide the music for the College Baccalaureate service on Sunday morning, May 20, at 11 a. m.

Mr. Ernest G. Reid, a graduate of the College now teaching in the Corning High School, and a friend, Miss Corther, from Corning, paid a visit to the Alumni office at the College last Saturday. Mr. Reid, whose home is at Millgrove, is a graduate of the Princeton high school.

Superintendent C. K. Thompson of the Cainsville schools was at the College, Tuesday of this week. Thompson is a graduate of the College and has completed the greater portion of his work for his M. A. degree at the University of Missouri.

Mr. Thompson had with him interesting bound volumes. One of them was the Hand Book of the Cainsville High School for 1933-1934 which by means of mimeographed illustrations, tables rules, and other information gives the students a better understanding of the aims and principles of the Cainsville High School. The other volume is Mr. Thompson's Annual Report of his Board of Education which contains items such as the following: history of the Cainsville school; the school policies and regulations; the daily schedule of classes, course of study and extracurricular activities; general information, aims of courses, report of supervision; the grading system, curriculum, and credits offered; graph illustration, honor roll; statistics of the 1933-'34 term, receipts and expenditures, the activity plan of the school calendar.

Campus Society

Think Elephant Party

Gamma chapter of Sigma Mu Delta fraternity held their annual spring formal at the Elks club Saturday evening. They presented as their theme, the Pink Elephant Night Club. The walls of the room were covered with black panels upon which was a myriad of pink elephants. Small tables were placed around the sides of the room in a logical night club manner. Upon each table was found an ice bucket, containing the refreshments.

Dude Nelsons Masters of Melody from Albany furnished the music with specialties of violin playing, singing and tap dancing being given between dance numbers. Refreshments were served by Lawrence Humphrey and C. F. Gray.

Those attending were, representatives: Sigma Sigma Sigma, Faye Sutton and her guest, Harry Saunders, Alpha Sigma Alpha, Neil Blackwell and her guest, C. J. Merrigan; Sigma Tau Gamma, Robert Multi and his guest, Frances Shively. Sponsors attending were Mr. and Mrs. H. R. Dietrich, and Mr. and Mrs. W. T. Garret. Alumnae and guests, Forte Sanderson and Ellen Courtney of Kansas City, Delmas Liggett and Mildred Fitz and Elwood Williams and Margaret Dy-sart.

A. C. E. Dinner Party

The annual spring dinner party of the Association of Childhood Education was held at Residence Hall Saturday evening. Covers were laid for thirty-five guests in the main dining room. The table was in the form of a U and decorated with garden flowers and green tapers in silver holders. The favors were nosegays of garden flowers. The program covers were children silhouettes, representative of child activities. An orchestra ensemble composed of the Misses Margaret Knox, Beatrice Lemon, Helen Gaugh and Morris Yaden played during the dinner.

At the close of the dinner, coffee was served in the lounge. The program consisted of vocal solos, "Down to the Sea in Ships" (Smith), "Short Nin Bread" (Wolfe) and "King of the Forest" (Parker) by William Somerville; violin solos, "Serenade" (Pierne) and "Mazurka" (Nolck) by Morris Yaden. A welcome was given by Miss Lucille Lackey, president of the local council. She presented Miss Chloe Millikan, local sponsor, who in turn presented Miss Jenny Wahlert, primary supervisor of St. Louis public schools and also vice president of the National A. C. E. Miss Wahlert gave a short talk on "Present and Future Plans of the Organization."

Miss Virginia Stone, director of the Community School in St. Louis, spoke on the subject, "Adjusting the Child to the New Order of Social Participation." Those present were: actives, Velma Cass, Elizabeth Crawford, Dorothy Glenn of Maitland, Alice Goode, Margaret Humphreys, Eileen Johnson, Josephine Lake, Lucille Lackey, Virginia Ray Miller, Frances Shively, Barbara Zellar, Lola Bell Sutterlin, Ada Faire Sutton, Amber Harriman, Mildred Hardy, Florence Fothergill and Opal McElwain; alumnae, Miss Millikan, the Misses Irene Smith, Neva Bruce and Ruth Miller of St. Louis, Hazel Carr, Brenne Harris, Pauline Walker, and Martha Wyman of Burlington Junction; guests were Miss Stone, Miss Wahlert, Miss Ruth Lowery, M. W. Wilson, William Holderidge, Mr. and Mrs. C. James Velie, Miss Mary Frances Young, William Somerville, Morris Yaden, Margaret Knox, Beatrice Lemon and Helen Gaugh.

Sorority Spring Dance

The Alpha Epsilon Chapter of Sigma Gamma held its annual spring dance last night at the Elks Club. The hall was decorated in the colors of the sorority. The back ground for the orchestra was made of crepe paper shaded from royal purple to white. Each drape was decorated with a painting of the sorority crest. There were skeels of purple and white iris. The allegians played.

A specialty dance was given by Beverly Blagg, with Mrs. June Blagg accompanying at the piano. The Misses Virginia Mutz and Helen Leet served punch.

Those attending were Georgia Muhle, Alpha Sigma Alpha representative and her guest, Frank Boyer; Virginia Yates, Sigma Mu Delta representative and his guest, Velma Cass; Max Wester, Sigma Tau Gamma representative and his guest, Jean Patrick; additional guests were Miss Sharley K. and M. W. Wilson; Miss Abigail of Harris, Mo., and Lynn McGee of Kirksville; chaperons were Mr. Mrs. Homer Ogden and Mr. and Mrs. Erman Barrett; the alumnae and guests were Dortha Gates and

Changing World

Creator Planned,

Dr. Mack Thinks

(Continued From Page One.) ed by the thoughts and experiences induced by their life.

"And the object of education is character. One of the causes of our present debacle has been the break-down of characters in some leaders," Dr. Mack said. "If America is to live, this character must be preserved. It does not come with the acquisition of knowledge. Keep thy heart with all thy diligence, for out of it are the issues of life. A man's ambitions, desires and motives are matters of the heart rather than of the head, and must be trained. John Dillinger is a bright man, as are others both inside and outside the penitentiary.

"Now the dynamic, the power by which we are impelled to carry on this process of becoming, of education, truly lie in our relations to Jesus Christ. As

many as receive him, to them gives he power to become." His principles and teachings should be at the center of our thought and should mold our philosophy of life. His spirit within should be our constant mentor and guide. Christ in you, the hope of something more glorious than you are.

Dr. Mack closed his sermon by saying, "Jesus Christ still is and will continue to be the source and inspiration and of salvation in the life of every man and woman who admits Him."

The candidates for degrees marched into the auditorium during the playing of Hatton's, "O God, Beneath Thy Guiding Hand."

Rev. Albert A. Panhorst, pastor of the First Presbyterian church, conducted the devotional.

Preceding the address by Dr. Mack, the A Cappella Choir, conducted by C. James Velie sang Christiansen's "Beautiful Saviour." After the sermon, the choir sang two numbers, "As Torrents in Summer," by Elgar, "Prayer for the Unemployed," (Dykes-Vellie).

Second Annual Tour to World's Fair Under College Sponsorship Announced

(Continued from Page One)

who went on the College Tour last summer are planning to go again with this party for a brief inexpensive vacation and more interesting and educational sight-seeing.

The costs of the Tour, as last year include round-trip railroad transportation, hotel accommodations, transportation from station to hotel and from hotel to station, admissions to the Fair, with its 85 exhibition buildings, 82 miles of exhibits, and other special features and attractions which the Tour's souvenir tickets provide. Other sight-seeing trips in Chicago, day or night boat trips on the lake will be arranged for groups in the party who desire to enjoy such additional attractions.

The cost of these Tours is kept just as low as possible, in order that as many as possible can go and have advantage of the great educational benefits of the Fair. Where a large number make the trip expenses are reduced. Information can be had in room 212. Folders will be printed and can be had soon.

Please tell your friends about this Tour and come along! World Fairs do not happen every day!

Summer School Opens Thursday May 31.

Maryville Group Hears Tugwell in Kansas City, Monday

(Continued From Page One) mand methods of self-expression—opportunities to be useful to society."

He referred to the legend of the Zombies in a West Indies island. Men were supposed to have been given drugs which deadened part of the brain cells so that they remained practically mechanical men who did what they were told and were satisfied with what their masters gave them no matter how inadequate it might be. They were perfect slaves. He said the workers and farmers were expected by some to act like Zombies and ask no questions, but take what was given them and be thankful, even though they must sleep in park benches and have none of the comforts and few necessities of life. He called this regimentation of the most tragic sort.

He said industry had always reduced production to protect prices, but when agriculture attempted to take one sheet from the copy-book of industry, there were howls fit to wake the ghosts of our grandfathers.

The group of students had the pleasure of meeting the noted brain-truster after the close of his speech. He looks a little older than his picture would indicate, and his hair is beginning to turn gray. The storm of criticism may be telling on him. One wonders how he can carry on unruffled in the face of such unfair attacks from big business. Yet, there is something about leading a useful and unselfish life that makes one undergo suffering willingly. The name of Tugwell will very likely be familiar after his critics have long since been forgotten.

Mr. L. C. Skelton, will be in school here again this summer. Recently, Mr. Skelton was promoted to the position of superintendent of schools at Hatfield, where he has been teaching.

Annual A. A. U. Track Meet Expected to Draw Outstanding Athletes

Outstanding American track and field talent will reach the halfway point between the colorful Los Angeles Olympic games of 1932 and the Berlin Olympiad of 1936 as the Amateur Athletic Union of the United States conducts its national outdoor championships in the Marquette university stadium here on Friday and Saturday, June 29 and 30.

Local, state, sectional, collegiate and national champions will gather for the distance and walking events, Friday afternoon; the junior finals, that night, and the national senior championships, Saturday afternoon. Entry blanks have been mailed.

Spectators, as well as athletes who are attracted to Milwaukee for the A. A. U. meet will have the opportunity of visiting the 1934 Century of Progress exposition in Chicago, 85 miles away, on the same trip. Steam and electric lines plan special rates for the occasion.

A. A. U. officials at this time are not able to announce entries for the meet, but it is expected that the Marquette stadium will be the scene of the resumption of such warm track rivalries as the Cunningham-Bonthron-Venzko, the Hardin-Lu-Valle-Puqua, the Torrance-Lyman-Sexton, the Metcalfe-Owens-Kiesel, the Morris-Beard and the McCluskey-Follows feuds. Efforts also are being made to secure outstanding foreign stars of the 1932 Olympics.

Preparations for the meet already are being made at the Marquette stadium which first will be the scene of the ninth annual Central inter-collegiate championships, Friday night, June 8.

(NSFA)—A three-ton mechanical brain, which solves problems the human mind cannot even grasp, is ready for assembly at the University of Pennsylvania. The huge machine, made of 75,000 gears, cogs, wheels and mechanical amplifying mechanisms, has two an da half times the "mental capacity" of a similar machine at the Massachusetts Institute of Technology. It will require only fifteen minutes, Prof. Charles DeV. Fawcett said, for the "brain" to solve a problem in ballistics on which five expert United States army mathematicians recently worked four months. "Charlie", as the students call the machine, is particularly apt at doing differential equations. Astronomers, it is expected, will find "Charlie" a very useful assistant.—Athenaeum.

(Continued From Page One)
for the Bearcats, came through beautifully in the hurdles, setting a new mark in the low sticks which he ran in 24.6 seconds. He lowered his former record of 25.5 set in 1931. In the high hurdles Hubbard pressed him closely. St. John topped the barriers in 15.3, only a tenth of a second slower than the record.

Neil was announced to have bettered the broad jump record when he cleared 22 feet 4 inches, but Pearson, the Mules decathlon athlete, leaped 22 feet 7½ inches on his last try when Neil was getting ready for the mile relay and Neil did not use up all his tries.

Maryville apparently had the javelin won until Pearson on one of his last tries threw out the shaft 180 feet 7¼ inches. Don Francis of the Bearcat team made his best throw of his career as he threw the javelin 173 feet 9 inches, to come through in a pinch to aid his Bearcat racers. Rulon, upon whom Maryville was pinning its hopes in the javelin, scratched three times and only got 150 feet on his one good attempt and did not qualify.

Albert Gray of Clearmont, who has been running the 880 in around 2 minutes faltered badly on the last curve and did not finish last night, his muscles tightening up on him. He was trying too hard to set a new record in this grueling race and covered the first 440 in 53 seconds. Arnote who drew a bad position, was bottled up and didn't have a chance.

Buford Jones had his usual luck of being nosed out by inches in the shot put. Daggs of Warrensburg who beat him here in a dual meet heaved the shot 41 feet 3½ inches and Buford was second with a heave of 41 feet 1¼ inches. Jones placed second to Pearson in the discus with a toss of 122 feet 11 inches.

In the opening race, the mile, Ferguson of Cape set a terrific pace and got tied up, coming in third. He fell at the finish and was beaten in by Mutti who placed second. Babb of Springfield ran the mile in 4:31.6. In the 2-mile Mutti finished fourth, considerably behind Babb.

The winner of each event was crowned champion for 1934 and so dubbed by Miss Fay Maze, Warrensburg May queen. As the winner of each event was announced the flag of his school

was raised over the queen's throne. Pearson of Warrensburg was high point man of the meet with 21 points. Neil was second with 16½ points. Neil tied with five others for second, third and fourth in the high jump which went at 5 feet 10 inches to Pearson.

Roy Beasley of Springfield won the M. I. A. A. golf championship by shooting 27 holes in 117. The match ended with Beasley, Fritz Cronkite of Maryville and Ray Aton of Springfield in a tie. An extra hole was played and Beasley shot a 4, Cronkite a 5 and Aton a 6. Cronkite missing an easy putt.

Coach Abe Stuber of Cape Girardeau won the golf tournament for coaches and officials by shooting 18 holes in 77. Andy McDonald of Springfield was second. Coach Staleup had the high score.

Tennis Team Is Third.

Paul Caugham of Springfield won the singles championship by defeating the titleholder, Don Pritchard of Cape Girardeau, 8-6, 3-6, 6-1.

The Warrensburg doubles team of Harry J. Salisbury, Jr., and Martin Jones defeated Dave Hart and Wendell Long of Springfield in the finals, 6-4, 6-2.

The Maryville tennis doubles team got a third place in a flip with Kirksville.

The Summaries

1-Mile Run—Won by Babb, Springfield; Mutti, Maryville, second; Ferguson, Cape Girardeau, third; Carter, Springfield, fourth. Time, 4:31.6.

440-Yard Dash—Won by Stubbs, Maryville; Hackenberg, Warrensburg, second; B. Wolper, Springfield, third; Hawkins, Kirksville, fourth. Time, 1:49.6 (new record).

Recollections of Conference Track Carnival

Wilbur Staleup, Bearcat basketball and track coach, was both lucky and unlucky in his draws at Warrensburg Friday when the Teachers conference track meet was held and the coaches made up their cage schedule. The Bearcat cagers will take to the road for their first conference games, playing at Springfield January 11 and at Cape Girardeau the next night. It is a big advantage to open the conference on the home floor. But was he lucky in drawing for the pole for his sprinters in the track meet. Wilbur admits he picked the right numbers Friday afternoon following the preliminaries and his sprinters got the inside lanes.

Neil, taking the inside lane on the half mile relay, was staggered back of the other runners. He got away nicely and by the time the five men reached the curve he was out ahead and then the way he left the others behind was a sight to behold. Springfield and Cape placed their fastest runners against Scott in his heat of the relay and Scott held his own. From then on Adams and Stubbs made things look easy and there never was any doubt about the outcome.

Ole Wilson said that Stubbs took the curves so fast he dipped sand in his hip pockets.

As the Maryville bunch was sitting

in the stadium waiting for the meet to start John Rice boasted that the Bearcats would break five records and backed up his statement by saying he would wager a coke. Prof. Dieterich thought that would be a good bet in any language and after the meet said he would pay off with a malted milk.

St. John, Neil and Stubbs got tired walking up to the queen's throne to be crowned 1934 champions. Stubbs is captain of the team and received the honors for the relays.

Little Lucky Campbell was lucky on the flip with Kirksville for third place medals in the tennis doubles. After four clips he convinced the Northeast racket men he had a coin with heads on both sides.

Elbert Barrett, Campbell's doubles partner, came home without knowing Campbell had a medal for him.

Fritz Cronkite had splendid chances to win the golf title but dubbed his putts on a play-off hole that cost him the title. He was nearly hole high on his drive, got a short approach and then dubbed his putts. Beasley of Springfield, who had trouble getting on the green, holed a twelve-footer that beat Fritz.

The Bearcat athletes had to take the Chevy bus to Warrensburg and claimed they were plenty cramped upon arriving.

The meet opened shortly at 7 p. m. with a parade composed of the Warrensburg college band, girls drum corps, officials and participants and then Tad Reid, Mule athletic director, officially opened the meet over a public address system.

The Northwest Teachers do not get the conference meet until it has gone the rounds of the other schools in the conference. In the drawings last fall the Maryville representatives drew the wrong straws. Maryville gave up its turn to have the meet in 1930 to Warrensburg because the new field here was not in shape.

Back in 1930 when the coaches had a golf tournament at Warrensburg Coach Andy McDonald of Springfield was the winner, but did not get the trophy until Friday night. The awarding, Tad Reid said, was delayed by the depression.

The big stadium seemed to have only

a scattering crowd, but it was estimated 2,000 witnessed the M. I. A. A. carnival.

Outstanding athletes of the 1934 national A. A. U. track and field championships in the Marquette university stadium, Milwaukee, June 29-30, will be selected for all-star teams to tour Sweden and Japan this summer.

Many of the American stars in the Berlin Olympics of 1936 are expected to come to light in the national junior and senior A. A. U. track and field championships in the Marquette university stadium, Milwaukee, Wis., June 29-30.

Engineers spent most of May in surveying the Marquette university stadium in Milwaukee at meterical distances in anticipation of the national A. A. U. track and field championships to be conducted there, June 29-30.

Largely through the feats of Ralph Metcalfe, Marquette university world's fastest human, Milwaukee has become definitely track-minded. As a consequence, the national A. A. U. track and field championships of 1934 will be conducted at Marquette, June 29 to 30.

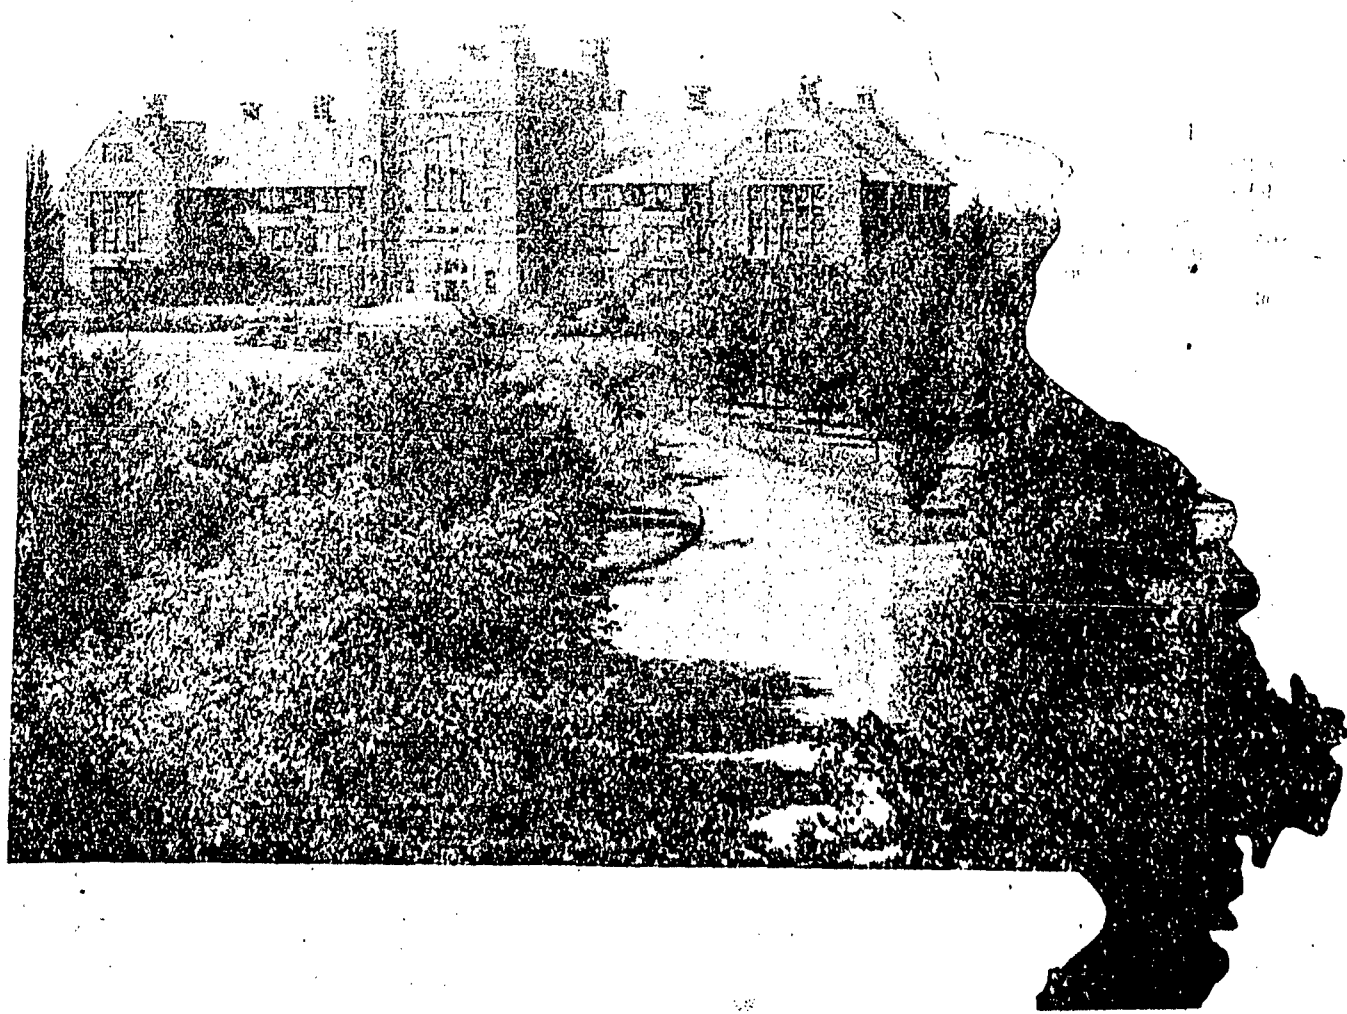

Most of the champions in the National Collegiate Athletic Association track meet in Los Angeles, June 22, will board a train that night for Milwaukee where they will participate in the national A. A. U. outdoor games the following week-end.

Two foreign Olympic champions, Janusz Kucosinski of Poland, 5,000 meters, and Luigi Beccali of Italy, 1,500 meters, have been invited to participate in the National A. A. U. track and field meet in the Marquette university stadium, Milwaukee, Wis., June 29-30.

Friday was a big night for the Maryville Teachers who have been the underdogs in track since the M. I. A. A. was created. The Green and White M flag was raised time and again as the champions were crowned and it was a big sensation to the Bearcat supporters.
